As we are settling into our new home, we plan to add to our menu every week. Last week, we added soup, made fresh daily with seasonal vegetables, vegetable stock, and no added fat, salt, or flour.

It is low fat and
nutritious.

From next week we will be adding salads.. We will keep you posted

Children are always welcome and we have some books and colouring books to keep them entertained. However we must ask that children are always accompanied by an adult and remain seated for their own safety and for the comfort of our other guests
